Phelps, Richard. 2023. ***The Malfunction of US Education Policy: Elite Misinformation, Disinformation, and Selfishness.*** [London: Rowman and Littlefield.](#)

"'Policy formation' should be an objective process. However, US education policy is formed by opportunistic 'strategic scholars' promoting only their own work. Wealthy foundations, political parties, and celebrity-obsessed journalists sustain this information degradation. *The Malfunction of US Education Policy* examines how education suffers for it."
