

Expressway Transportation

Because of the high and growing cost of 'free'-ways, we need to explore creative use of tolling to manage existing capacity, develop a reliable signal of when road expansion is efficient, and reduce reliance on fuel taxes for financing road construction and maintenance.

Revisit this page, periodically, to observe our progress in this research area. Hopefully, by your next visit, we can announce proposals and requests for proposals for specific projects. Once we have an analysis completed, we will commission a review from a scholar likely to be a basis for civil, informed disagreement, and create conversation forums for further assessment.
